Cardiff Special Council held on Monday Evening November 30th 1857

Commenced by Singing and prayer by Prest Samuel Roskelley after which Elder Enock Rees from G.S.L.U. rose and said that the business of the council or the subject of Calling together the Priesthood was to lay before them the subject touched upon yesterday viz the calling home of the American Elders. The reason why they was was (sic) called home was apieriant [apparent?] to all for Zion was to be delivered and there was a better chance of there returning than those of these lands because they had no familys with them but could Go Up Quickly. And than related the Circumstances connected with Zion of the presant day The Going up of United States troops to destroy the People of God . but he would say let them try it for the same Cry has always been heard from our Enemies but he knew they would be disappointed in this matter. As upon all other occasions he than narrated Circumstances where the saints had come in Collision with their Enemies and where all prospects of their deliverance appeared to be cutt of but the Lord had than Made bare his Arm and brought them safe through and so it will be on the presant occasion as on all others

[p. 31]

Well the Question was the gathering Home. how it was to be accomplished he than spoke of the Tithing and how it was to be applied showing the debts on the Conferances which must be paid Hence nothing could be had from that source hence the necessity of applying to the brethren and showed how well the Merthyr Conferance had responded to the Call and said the Names of the Donors with the sums given is to be kept and Inserted in the Udjour [?] and than will be sent to Zion there to be put in the Archives. And if it given with good desires as a Free Will Offering they will be blest a Hundred Fold. hoping that each and all will keep the Commandments of God and be eventually saved Amen – Pres. Saml Roskelley than rose and Coroborated all that had been advanced by Elder Rees. and alluded to the Gathering of the Poor in these lands and believed the time

will soon come when those in the mountains will have to make a great effort to assist the Emigration from these lands and pledged themselves to lay before the Authorities their cares and claims. A Subscription was than entered into when a Sum of Forty three pounds 16 shillings was booked been rather more than a pound each according to the persons presant. After which the Council opened for the Officers presant to speak their Feelings which they did in the most Free and Frank manner Much to the delight of the presiding priesthood presant. Elder Rees rose again and said he felt glad to hear his brethren testify as much ass to hear of the sums donated by them for it showed the bretheren had advanced in principle and what had been done this night had exceeded by far his most sanguine expectations. on this Earth in these the last days for the Prophets have declared that Zion will be a safe place and the people are terrible but at presant it is (^ not) known as such at presant but the time is near at Hand that Zion will be known by the Nations of the Earth as a Safe Place. And now I have been sent to make a call on All to help us go home for the Saints shall not be brought to such a list that they will be willing to lay their lives down. And than the Lord will fight all their battles. and if the Answer of the United States will force their way into the Valley the place shall be made a Desert No house or any thing else left for them he said their may be some that may be surprised at a Call been made when you have been paying your tithing. but this kind of Call is often made in Zion where the saints pay Tithing to help in the Emigration &c &c which was considered a free Will Offering He had been to Merthyr and Aberdare and the Bretheren is in First rate Spirit. and Cardiff has done well – and the call is for all the American Elders in the Mission and not for one Personally. every thing we fear it is sure to meet us and said they would remember us in Zion for Prest. Roskelley can trust the Faithfull ones on their head and such will soon have the cCall home to Zion. And said that their will be plenty that will apply for Baptism in their lands. Brother Evan Richards to translate the principle items of which was spoken by Elder Rees. Prest. S. Roskelley siad he was glad to be presant for the Bretheren had so much of the spirit of the Lord. that he had not such a meeting since he had been in Wales and the Bretheren in Cumsabrin had so much of the spirit that they cry'd with Joy. We know that the times is bad – but that it is the best time for the Elders to go home and the best time to try the saints as ever was in these lands and Concluded his remarks by blessing the bretheren in the name of the Lord. Elder Rees said that all his bretheren in England Ireland Scotland and Wales has the help't home and he did believe that this Mission had done their part as well as any in that respect

D. Miles then rose and said he was glad to hear the remarks of Elder Pugh and also felt sorry to find the bretheren in the Cardiff Branch so slack in attending this Council in time a slight mistake has occurred in the Hour of Meeting but he hoped the order of the Council would strictly be carried out and amongst other Items alluded to some who had been standing back for some time but was now present and he hoped they would confess their faults and again have their standing and for the Future do right He then alluded to some who

did not receive that light through the Priesthood and was not entitled too and it reminded him of the Gas Light Pipes which Conveyed light to the People some time when the Light was not good they found it arose from Decayed Pipes or a little Hole in some part of the Machinery so with us all the Cause must be ascertained and remedied that a Pure Stram of Light may flow to all he hoped all and keep themselves free to Receive Light and Intelligence from on High Representation of Branch was then Called for Cardiff reported not in Good standing several standing back Llandaff reported in very good standing – Twinereodidn Branch – rather better than it has been for some time Brother Baker suspended for not paying his tithing – Whitchurch Branch reported in very good standing except one Elder Henry Watts was then Called to speak his feelings who had been standing back for some time neglecting to pay his Tithing and Keeping company with young women of the World – When called upon he refused to stand up and said he had
