CIRCULAR OF INSTRUCTIONS.

DEAR BROTHER,-

In your parcel of *Stars* I have forwarded you a Conference Record; and in order that you may understand the same, I render you these explanations:--In the first part, under the heading, "Income for the Month," &c., is intended to be entered the amounts received in each Branch for the several funds named, taken from the Monthly Reports furnished you by the Presidents of Branches, and which will show, when all the Branches are entered, the total income of the Conference for one month. If the Branches in the Conference number no more than Ten to Fifteen, one page may answer for two months, by making the totals for the first month across the middle of the page, and then commencing again.

Under the heading, "Quarterly Totals of Tithing," &c., will be registered the Names and Amounts of Tithing paid by each person in the Conference each quarter in the year. The names and amounts are furnished you at the end of every quarter by the Branch Presidents, and the total amounts on their lists should exactly correspond with the amounts of Tithing from [ink blot] Branch for the quarter. These amounts you will have registered under the heading, "Income for the Month." A copy of these names and amounts, alphabetically arranged, taken from this book, must be furnished this Office at the end of the year ending June 30th, which should correspond in total with the amount of Tithing remitted here during the year. The correct registering of these names and amounts from one book to another is of the utmost importance—also the correct spelling of the names, as we have to furnish President Young with an exact copy of the same; and if they should not be correct in amounts and spelling, much inconvenience may, at some future time, arise.

The third form in the book, or Financial Report of the Conference, should be an exact copy of that furnished this Office every quarter. Under the head of "Income" are placed the total amounts of "Tithing," "Mission Fund," "Book-Money," "Individual Emigration Deposits," and "Poor Fund," made up from the "Income for the Month," in the first part of the book, taking the totals of each fund for the three months, and entering them in the Report. The amounts of "Tithing," "Book Money," and "I. E. Deposits," remitted here during the quarter, should be placed in the next column. Under the head of "Support of Elders," it is only requisite to give the names and amounts paid them, without specifying the items; under the head of "Liverpool Presidency," enter the names and amounts only; under the head of "Hall Rents, &c.," give the names of the Branches, with the amounts paid for that purpose in each Branch; under the head of "Poor," give the amount paid to them; and if there be any of that fund on hand, name it as such; or if there be any Mission Fund on hand, name it under the head of "Hall Rents." After you have the amounts all entered, the totals of "Sent to Liverpool," "Support of Elders," "Liverpool Presidency," "Hall Rents, &c.," and "Poor," should be severally placed under the head of "Totals of Expenditure," the total of which should exactly correspond with the total income. This Report, when complete and correct, and the copy sent here, should always be signed by the President of the Conference.

It would be well to make out your Report on a rough sheet, and make all corrections, before entering it in the book or filling up the copy for the Office.

After carefully perusing the above instructions, it would be well to paste this circular in the forepart of the Record, for the benefit of all who may in future have to keep the accounts of the same.

[57] Feb 8th 1863

A Special Council held in the house of Brother James Peard at the Gymer in the Cardiff Conference Open by Singing & Prayer by President L. W. Morgan T. E. Jeremy arose and spoke for what he had come down for. likewise said that he hope that would be spoke would be spoken in a good spirit. and spoke in love. and said that whatever the matter would be.

He called on Brother Humphreys to stand up and speake saying that he was ~~come~~ more than half ready to settle the difficulty none but as he had been called upon he would just settle the difficulty. The begining was a little coolness one with the other respecting a misunderstanding concerning a meeting. after which he had not the priviledge of speaking English as he had formerly done Said that he was opposed to Brother John Jones who was ill. to have anything to do with doctor. respecting the appointment of another President for the Branch Said he hoped that would be right. But he feared respecting it, Said that Sister Peard jumped up when he was speaking in the meeting. and took a star in her hand. and began to read. and he afterwards told Brother Morgans that if she would do that again he would rebuke her--Another Circumstance that

[58] he was displeased with was that himself and Bro. Lenellyn was not invited to meet with Bro. Jeremy and Bywater Christmassday-- Said that this circumstance moved to him

that there was not that love amongst them that there should be-- he also named a few other circumstances that convince him that he was on the Black Books. A council was held in which a charge was against him. 1st- That he opposed the Presidency 2nd-Taught incorrect views on Tithing- 3rd-had injured Bro. and Sis. Peards feelings. He denied the first charge did not consider that he had taught any wrong principles concerning tithing. To the 3rd he pleaded guilty and asked forgiveness. Thursday night following he asked a forgiveness and obtained it. He then called for the reading of the minutes of a Council held in Bro. Jas. Peard house- in which was done. See minutes-- He denied that he said that all was out of their places also that he did not say that would Burn the Doctes. and Covenants. Respecting the charge he had brought against Bro. J. W. Morgans was not noticing his request to call a Council and settle the difficulty between him and the Brethren of the Branch he had only to say that Bro. J. W. Morgan did not refuse

[59] Brother Lewis Morgan said that Brother Humphrey was not in the right Spirit. Neither in his expressed opinions. His reason for saying that Bro. Humphrey was opposed to the Priesthood was from Saying- that the same Spirit was here none as he was in the days of Phillips & Pugh and said also that if things did not get better he could and would write to Bro. Camron- Bro. Lewellyn Jones was then called upon to answer the question. Did you hear Bro. Humphrey express himself as above To which he answered in the affirmative and that it was in connection with stoppage of the spiritual Bro. Humphrey said that neither of the Brethren understood the spirit he was of. Said that he did mention the names of Phillips and Pugh. and he did so in view of restraint. they put upon those who would look upon them with suspicion and he had reference only to the restraint that was put the members of this Branch in not being permitted to exercise the Spiritual gifts and not with reference to Pt Jeremy or his Counsilors Said he did mention Bro. Cannons name he acknowledge it was wrong in him to say so Pt Jeremy said he was anxious to see everyone carry out Pt. Cannon's instructions

[60] And the way to do so was to honour all the institutions of the Priesthood. And said he was not jealous in hearing Pt. Cannons name mentioned or referred to., but not at the expense of dishonouring the brethren whom Pt. Cannons had placed over them and others- Pt. Jeremy said with reference to the Gifts. that the President of the Branch had the right to open the meetings for the Gifts or not. as he may be led by the Holy Spirit while speaking upon weakness of humane nature he ask the Brethren to do unto others as he would wish others to do unto him. Bro. Lewis Morgan said that with reference to Bro. Humphrey not teaching correctly the respecting tithing. he said he did not feel that Bro. Humphreys spoke concerning the law of tithing in the right Spirit nor words, Bro. Jas. Peard and L. W. Morgan referred to some sayings that included them to believe with Bro. L. Morgan that Bro. Humphreys did not believe it was required of the Saints in these lands to pay tithing, respecting which Bro. Jeremy said it was the duty of all the saints to pay their tithing between the mission fund and tithing as far as their circumstances would permit. or as their faith would inspire them to do. He also shoned the necessity of being united in all their efforts and labours of love to build up the kingdom of God on the earth Bro. Jeremy approved of what Bro. L. W. Morgan had said

[61] respecting tithing. Said he hope all the misunderstanding that had been between them

would all be removed in a kind freindly manner he and seek continually to united together in spirit and truth, and not to seek to make each other offenders for words He Bro. Jeremy asked the Brethren if they would abide by his dicision as also in conection with bro. Bywater to signify by lifting up the right hand, which was done unani-mously. and were also satisfied with the explanations offered them upon the Points of Doctrine refered to the which the express in same manner without dessention. He the moved that the brethren should forgive one another their trepases against each other as they would have their heavenly Father forgive them their trespasses against him. To bury each others faults never more to resurect them which the brethren all agreed to do and shook hands in a freindly manner Council closed by G. G. Bywater
